## Register for the FirstNet® Response Operations Demo

A behind-the-scenes look at the FirstNet experience and how the FirstNet Response Operations Group and AT&T Network Disaster Recovery teams mobilize to support public safety.

In this session, you will:

- Check out some of the FirstNet dedicated deployable assets used to support disasters
- Hear local and national experts from FirstNet, the First Responder Network Authority and AT&T
- Learn about the public-private partnership between the FirstNet Authority and AT&T – and how this helps your agency
